

And the Green Faith Alliance of NWA

Invites NWA Churches to a

Utility Management Workshop

Date: Tuesday, May 18, 2010

Time: 6:30 pm to 8:00 pm

Location: St. James Baptist Church, 764 W. North Street (Corner of North and Leverett), Fayetteville

RSVP: Seating is limited. Call 479-200-8262 or email mhalsell@walton.uark.edu to reserve your space.

Who should attend: Church facilities management person (who maintains equipment, adjusts thermostats, replaces light bulbs and filters, etc) AND the church administrator (who pays the bills) AND/OR clergy.

What you should bring: 13 months of utility bills for electricity, natural gas, & water.

What you can expect: Workshop facilitators will lead participants through a review of utility statements and provide tips and suggestions that can lead to a reduction in monthly utility costs. Learn simple steps that can save your church money. A tour of the host facility using infrared sensors will show where heated and cooled air are escaping and money is literally flying out the window.

Facilitators:

- Keith Kaderly, Ozarks Electric
- Jason Brannen, Director of Facilities, Jones Trust
- Tom Hanlon, Engineer, TME Inc., LEED certified
- Mac Mayfield, Arkansas Interfaith Power & Light,
- Mikel Lolley, Treadwell Institute

Summer is coming and your peak rate will be set for the next 12 months. Don't miss this opportunity to learn how to reduce your energy bills and save money over the coming year.
